EDUCATION

Chandpur Science and Technology University

Expected Graduation, June 2027

Bachelor's of Science in Computer Science and Engineering

- **Concentration:** Data Structures & Algorithms, Software Engineering
 - **Related Coursework:** Object-Oriented Programming, Data Structure and Algorithm, Database Management Systems(SQL), Statistics, Discrete Mathematics, Mobile Application Development
-

PROJECTS

Nestify - Full Stack Airbnb inspired Web Application

2026

- Developed a full-stack MERN web application inspired by Airbnb.
- Focusing on building a user-friendly and responsive platform for property listing and browsing.
- Implemented secure authentication, authorization and role-based access control
- Built responsive and dynamic UI with reusable components and optimized performance through efficient state and API handling
- Used : HTML, CSS, JavaScript, Bootstrap, Node.js, Express.js, MongoDB, Mongoose, Passport.js, Cloudinary, Multer, Mapbox, EJS.

FeastFast – Food Ordering System (User Application & Admin Application)

2025

- Developed a complete food ordering system with separate User and Admin applications
 - Built User App featuring landing page, menu browsing, food details, order history, and delivery tracking
 - Implemented real-time chat functionality between users and admin for better communication
 - Designed Admin App to manage menu items (add/remove), orders, and system data efficiently
 - Used : Kotlin, Android Studio, Firebase Authentication, Firebase Realtime Database, Glide, Cloudinary
-

SKILLS SUMMARY

Languages: C, C++, JavaScript, Java, Kotlin, MySQL, MongoDB

Web Technologies: HTML, CSS, Bootstrap, Node.js, Express.js, React.js, Tailwind CSS, Typescript

Tools: VS Code, Git, GitHub, Android Studio

Platforms: Windows, MacOS

PROBLEM SOLVING SKILLS

Codeforces: Newbie - Max Rating(931)

CodeChef: 2★ (Max Rating - 1421)

IUPC: Participated three Inter-University Programming Contest and one Intra-University Programming Contest

- Solved 500+ problems across multiple online judges
